

SHEPHERD CHURCHES

A Shepherd Church is one which commits itself to loving, involving and having fellowship with individuals with mental retardation and other developmental disabilities.

At Evergreen Presbyterian Ministries, our goal is to provide the most enriching lifestyle possible for the people we support. Shepherd Churches are vital to reaching this goal. What better way is there to involve people in society than through the local church?

EXPECTATIONS OF SHEPHERD CHURCHES:

- Encourages individuals with developmental disabilities to become fully involved in the local congregation as full members of the church and provides for their spiritual care.
- Provides for the spiritual training of such individuals through Sunday School classes, Bible Study groups, or other group activities, which either are specially designed for them or to accommodate them.
- Involves such individuals in the social activities and functions of the church and, where possible, encourages church members to be involved in their social activities.
- Helps individuals with developmental disabilities develop skills which would enable them to contribute to the life of the congregation.
- Provides pastoral care for such individuals, including visitation, support during a crisis, grief counseling, or other types of pastoral care typically provided to other church members.
